### DETAILED ACTION

1. Applicant's election with traverse of Group I, claims 1-14, 16, 18, 22 in Paper No. 9 is acknowledged. The traversal is on the ground(s) that the search for one group of claims would encompass a search for the subject matter of the remaining claims and therefore the search and examination of the entire application could be made without serious burden. This is not found persuasive because the inventions of Groups I and II are distinct and have acquired a separate status in the art because of their divergent subject matter. The search required for Group I is not required for Group II. As discussed in the restriction requirement the product claims of Group II are written in product-by-process form. The claims of Group II, therefore, are not limited by process limitations and may be made by any process. In addition each individual search encompasses not only the subclass that the invention is classified in, but numerous other subclasses.

The requirement is still deemed proper and is therefore made FINAL.

2. Claims 15, 17, 19-21 and 23 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in Paper No. 9.

3. The reply filed on 7/11/03 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the applicant failed to respond to the election of species requirement. See 37 CFR 1.111. Since the above-mentioned reply

appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
